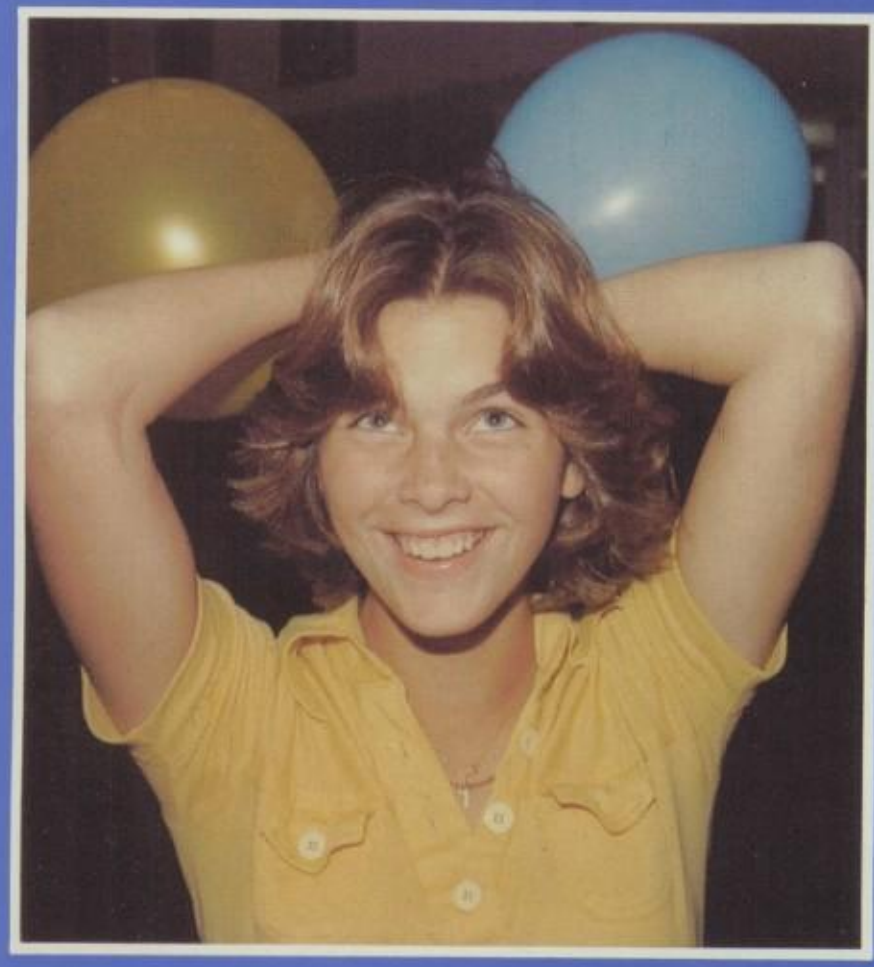
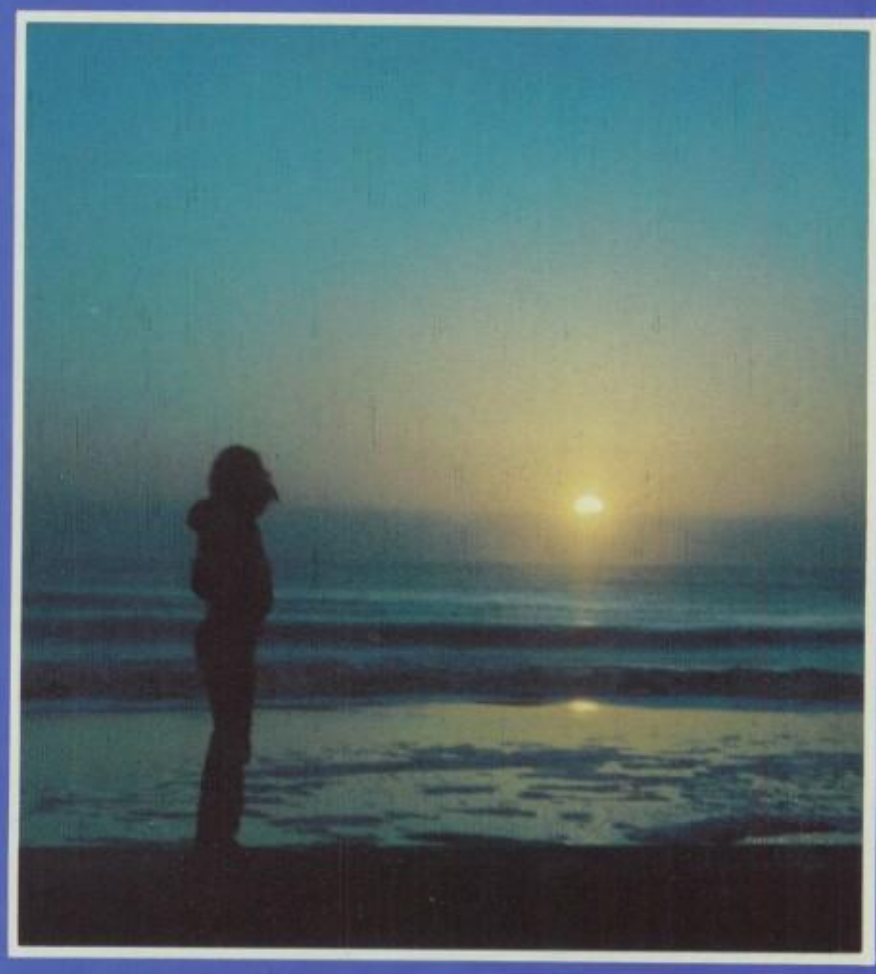
Come and join in song together, Shout with might and main,

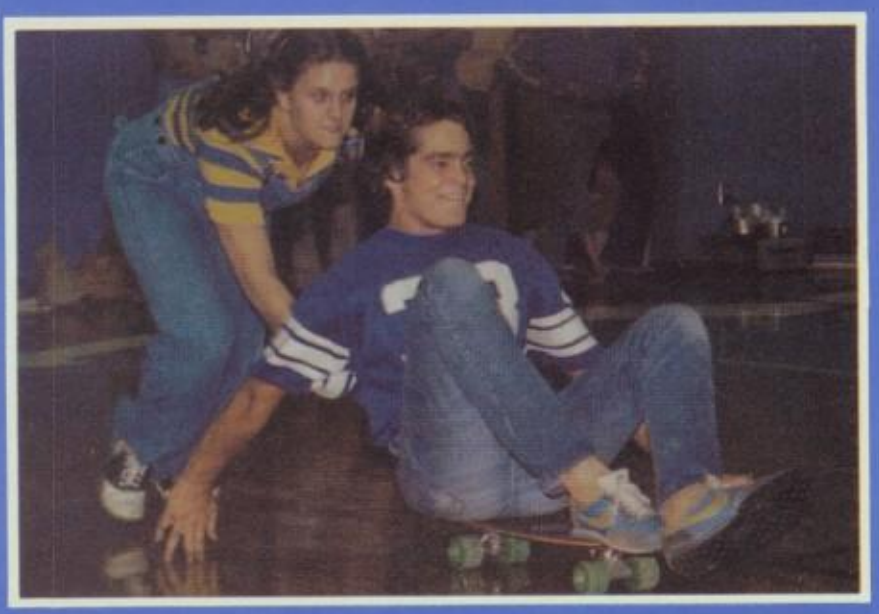
Alma Mater

Our beloved Alma Mater, Sound her praise again,





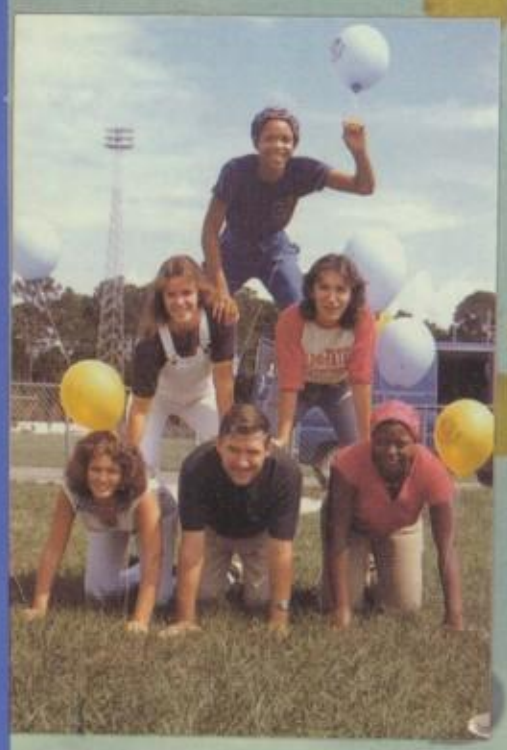
Honor to the blue and gold, Colors that we love,



It shall lead us in the conflict, and our triumph prove.

Here's to her whose name we'll ever, Cherish with a song,

Honor, love, and true devotion, E're to her belong.



Dear old Lyman, dear old Lyman, E're to her be true,

She's the pride of all her students, HAIL TO LYMAN HIGH!

Production Managers

So much depends on the handful of people involved with Administration. Each day brings its individual challenge; its useful experience to all who labor in "the front office." Many contributions toward our accreditation stem from this devoted group. Our schedule, finance, health, safety and activities are all the concern of those in this department.

Senior Class

The Senior Class of 1979 struggled through four years of changes, good times and growing up. The class was the first to do many things. They were the only class to ever give two Proms and suffered through the school building expansions, the parking problems, and the functional literacy test. Despite it all, the class pulled together for a successful senior year. The Yearbook Staff is proud to dedicate the 1979 Greyhound to the seniors, the Stars of Lyman.

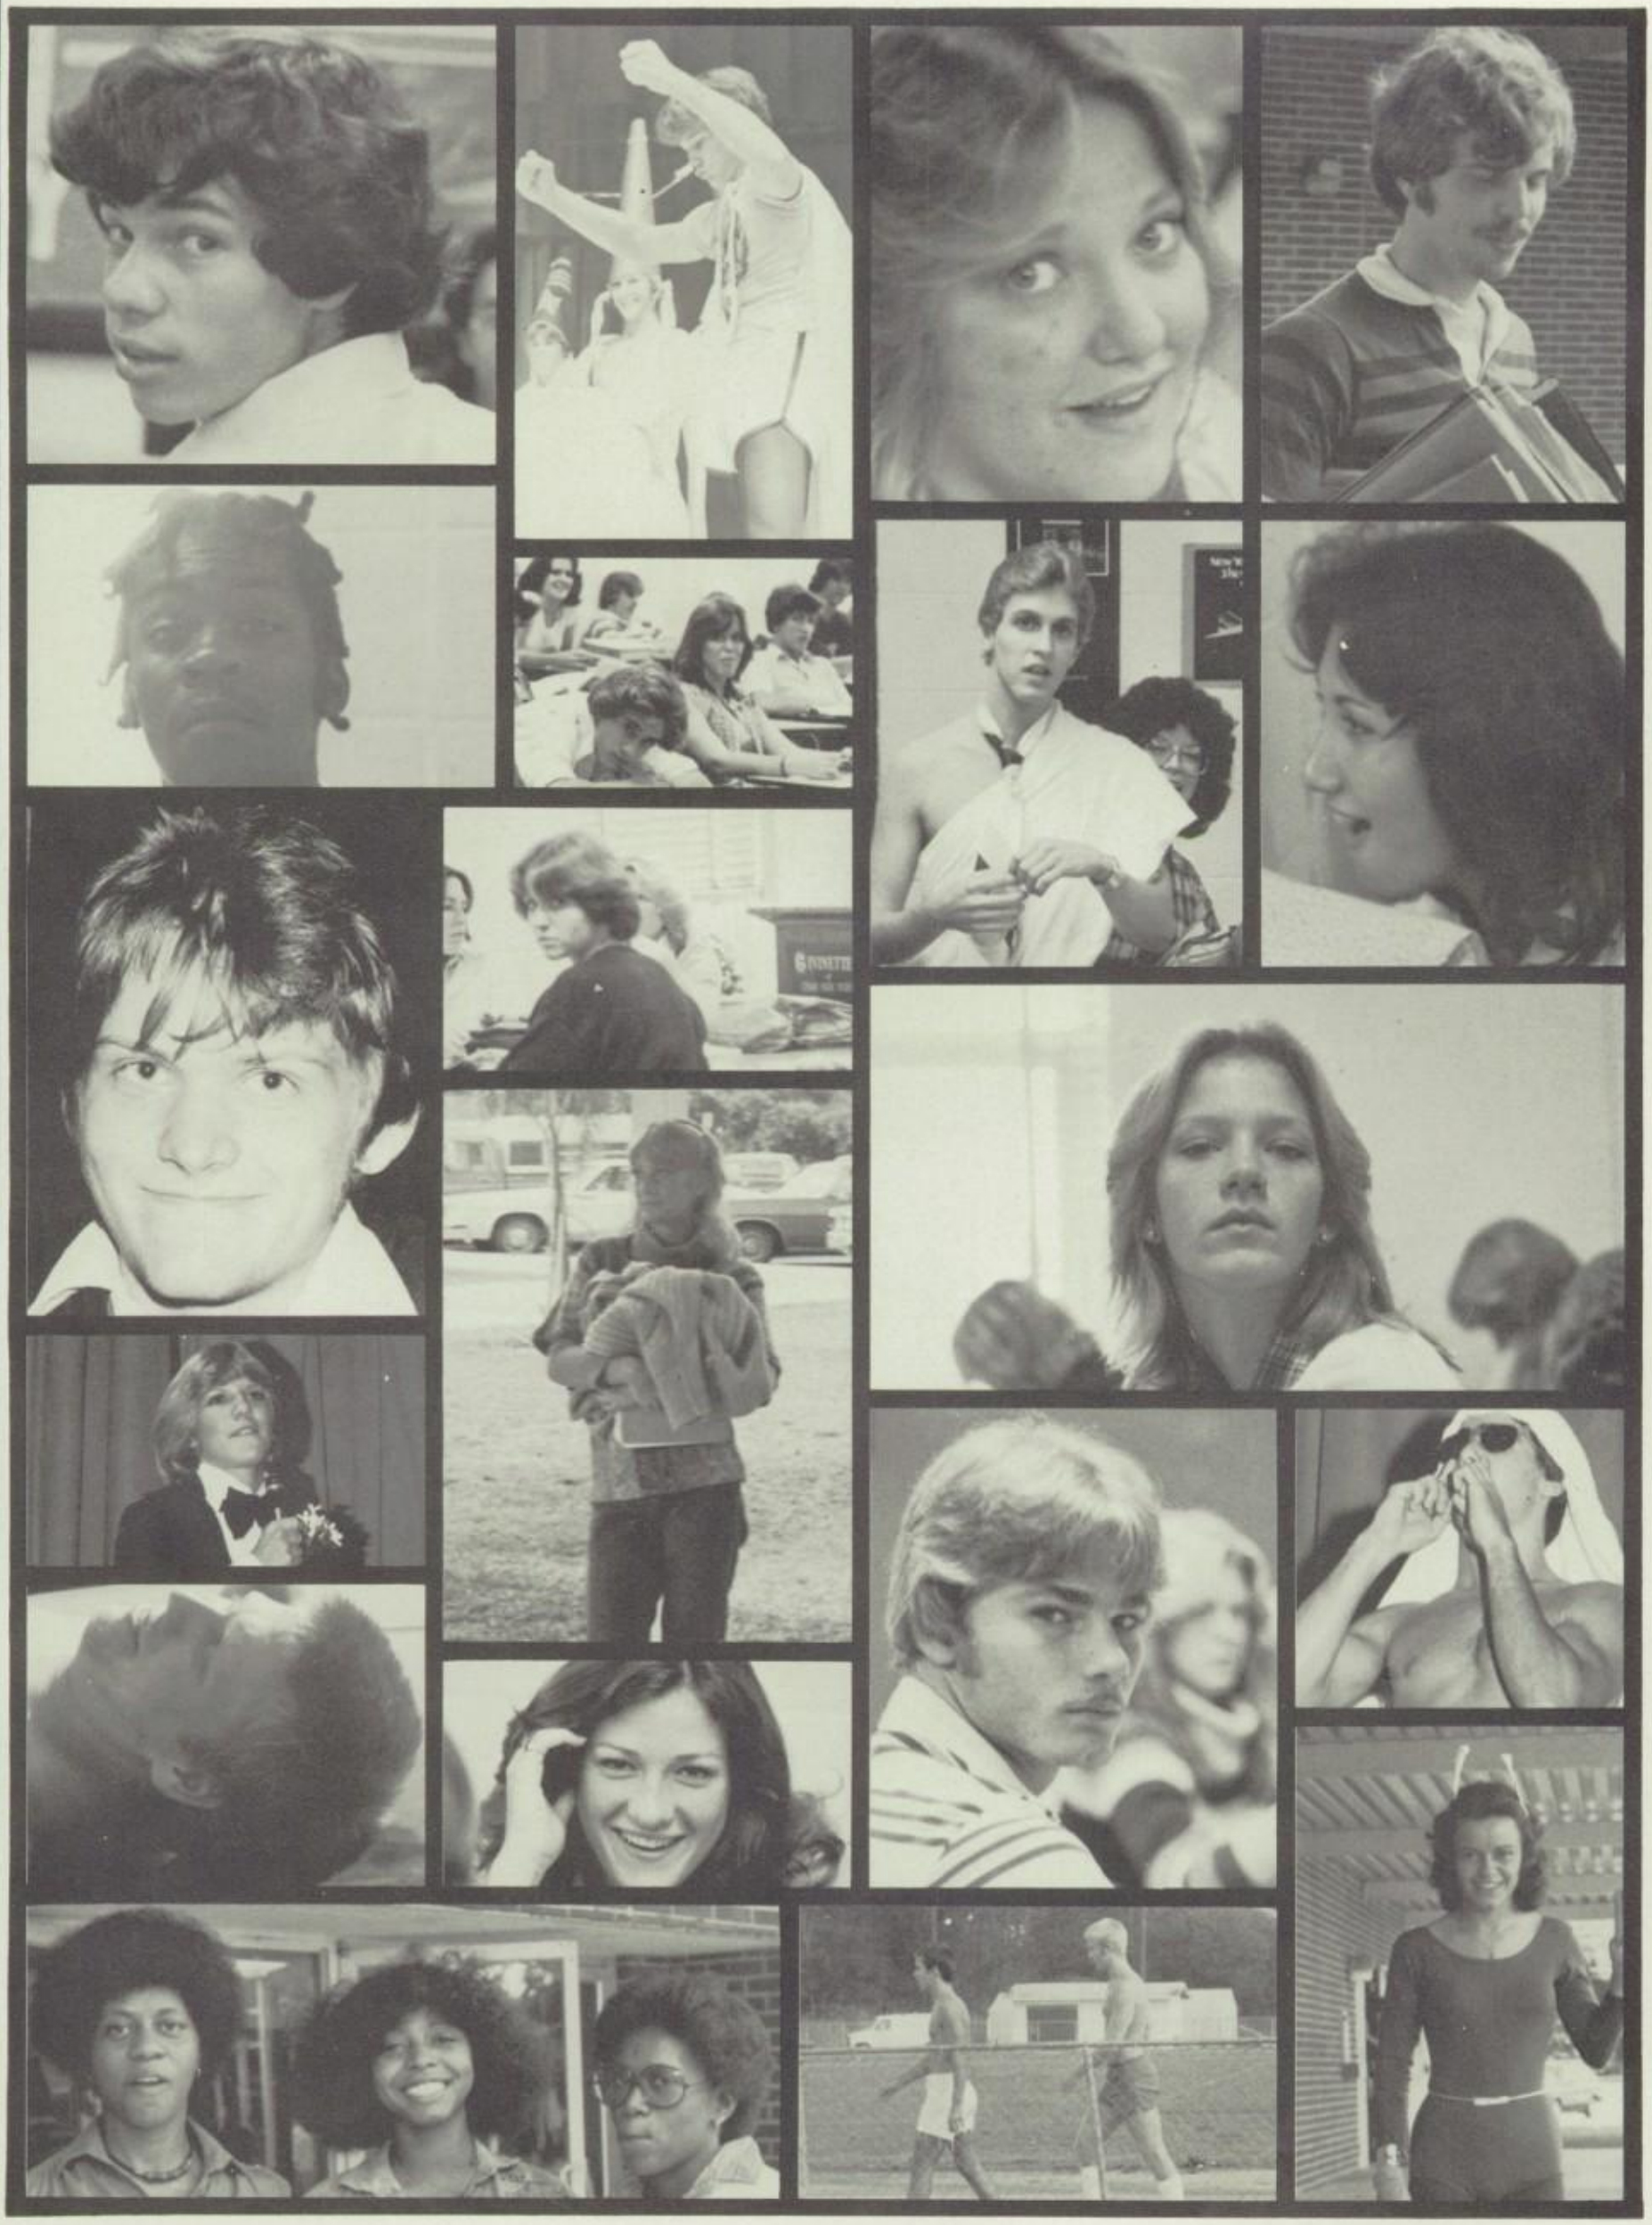
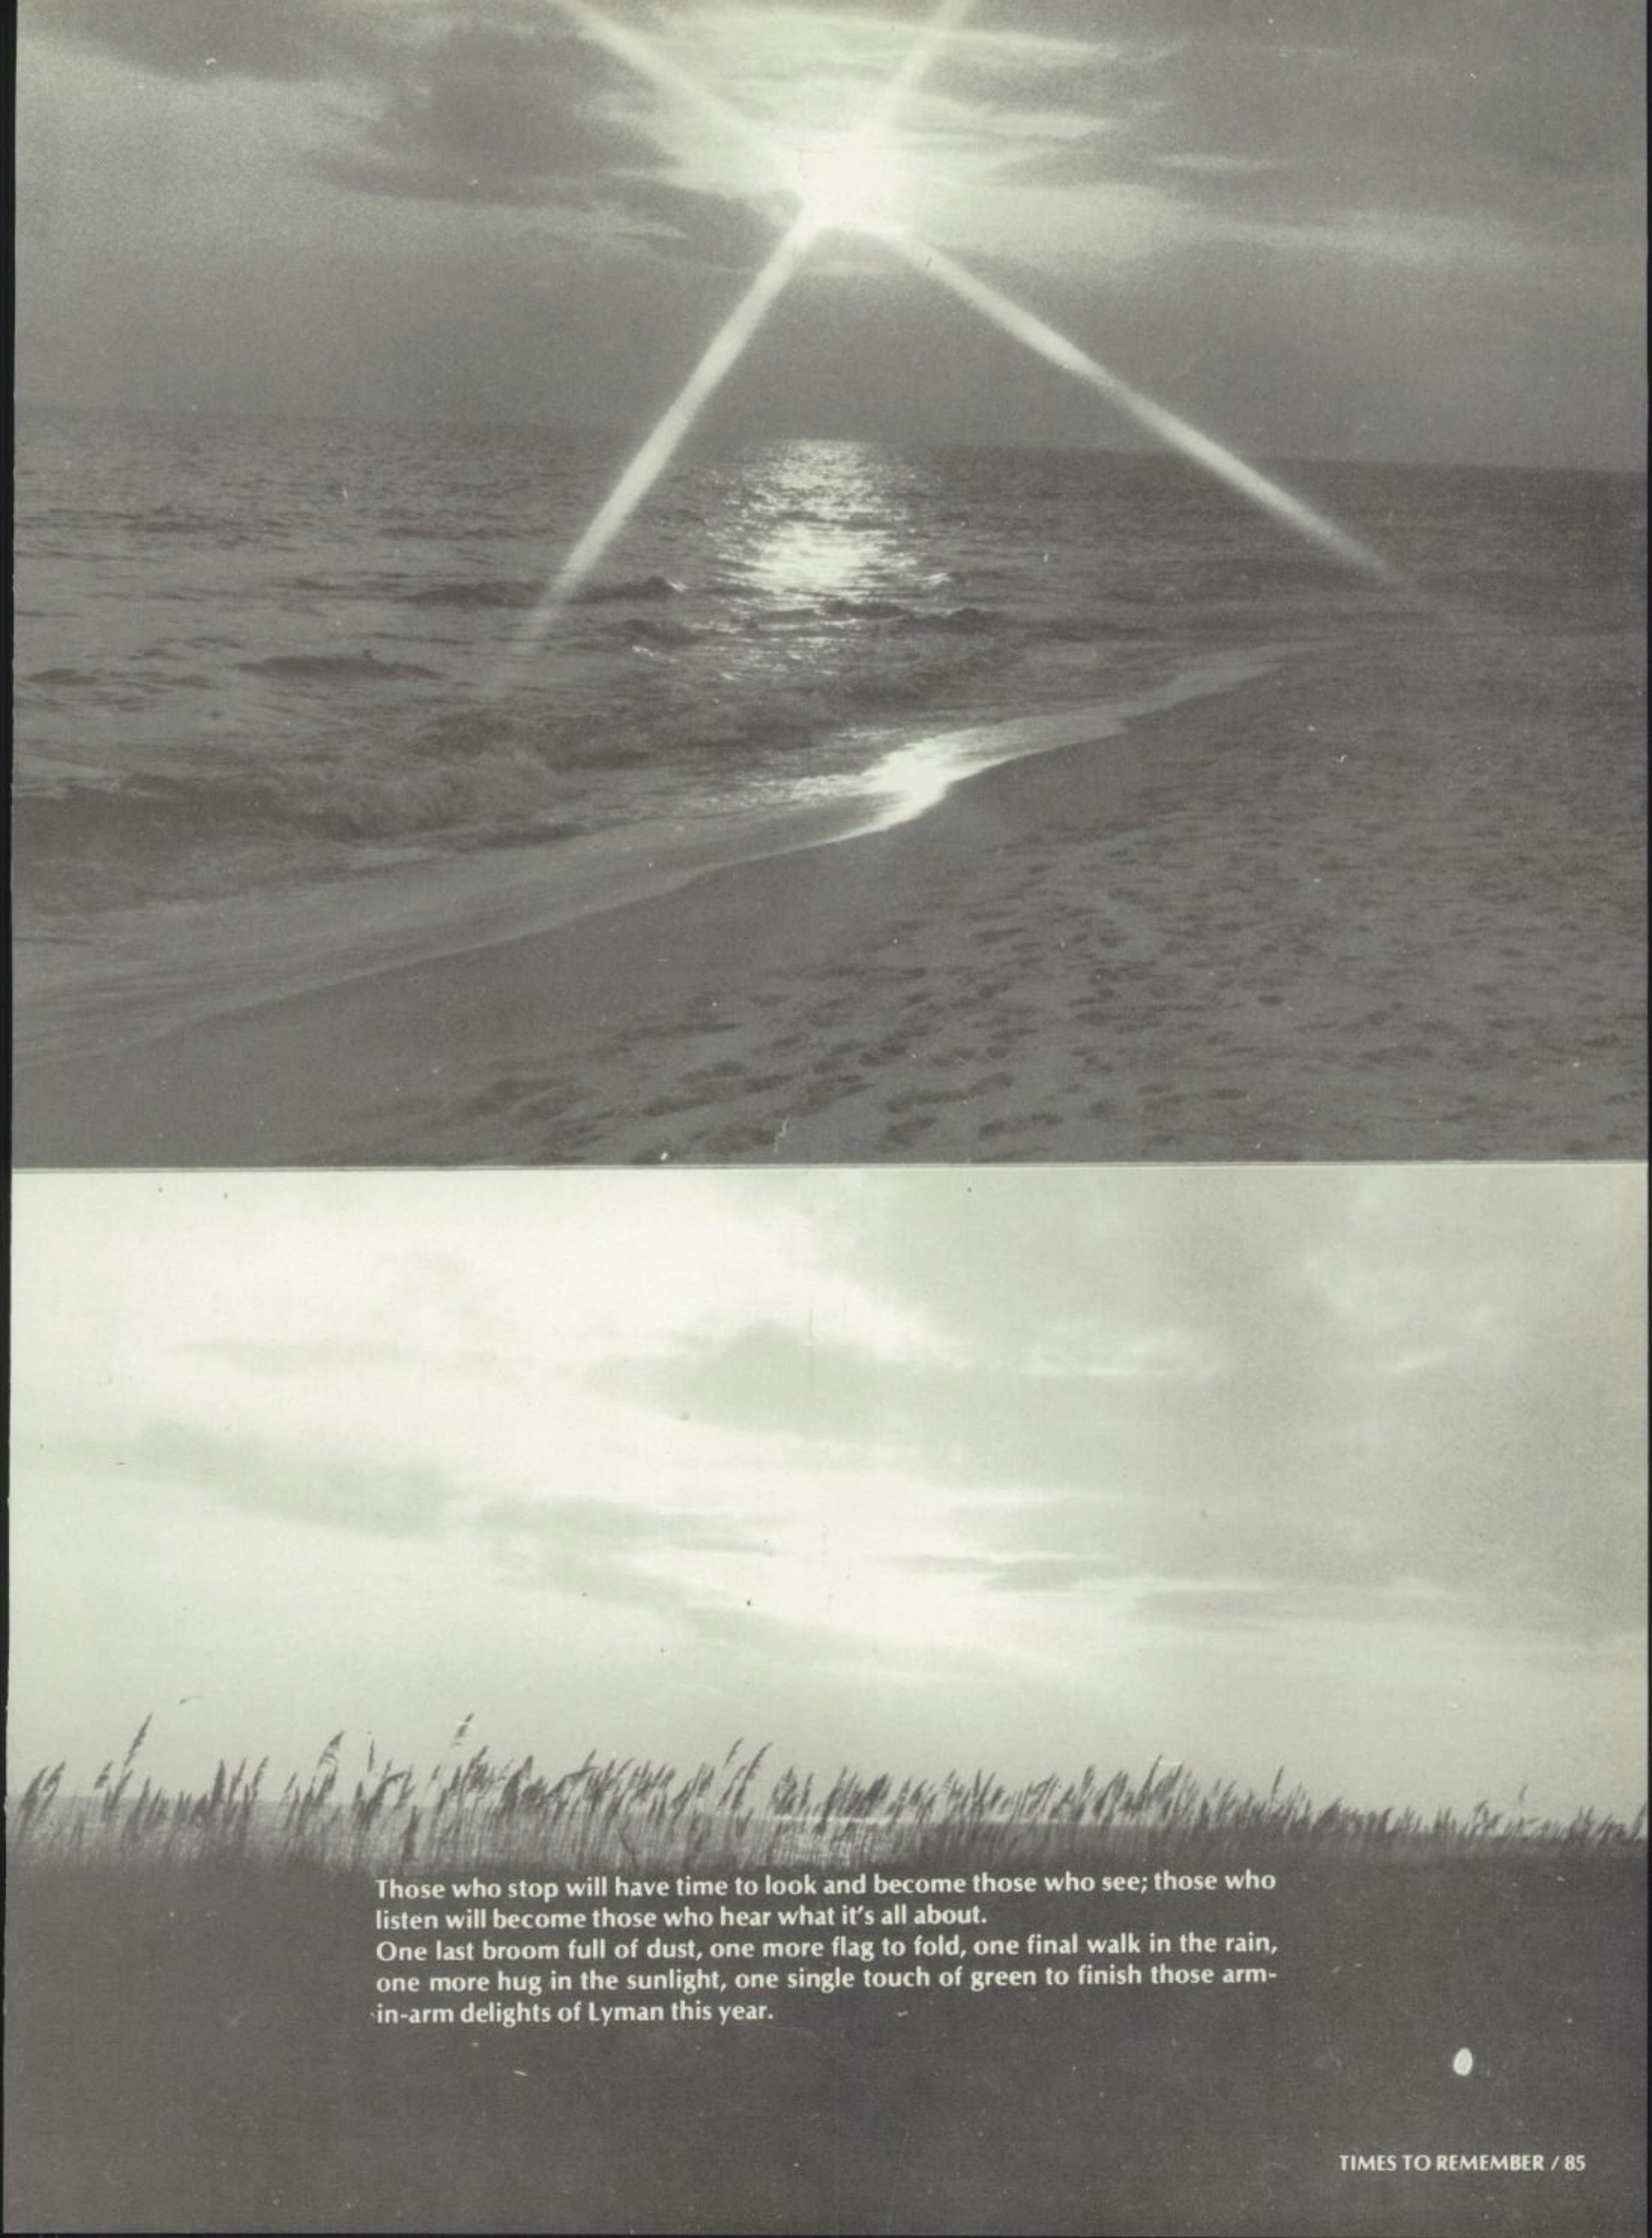
Everlasting Moments





Those who stop will have time to look and become those who see; those who listen will become those who hear what it's all about.
One last broom full of dust, one more flag to fold, one final walk in the rain, one more hug in the sunlight, one single touch of green to finish those arm-in-arm delights of Lyman this year.

YAC's are unique groups on campuses throughout the nation whose mission is to learn about and encourage good nutrition for themselves and others. The purpose of YAC (Youth Advisory Council) is to serve as a communication bridge between school administrators, school food-service programs, community organizations, and students.

Lyman's YAC is new, organizing, and growing; they have provided a suggestion box in the cafeteria, attended state and regional YAC meetings, and visited elementary schools.

Yearbook has worked extremely hard this year to get the 1979 Greyhound published. Some staff members went to a Taylor Publishing Company Seminar in Tampa with Uncle Ron, the advisor, in August. Others attended classes at Seminole High over the summer. With great cooperation from Bryn-Alan and creative staffers, this $18,000 annual was delivered in March. Although there are a great variety of classes to take here at Lyman, the response to all of them is usually the same.

Out To Lunch

Lunchtime is a welcomed break for students here at Lyman. It's a great time to talk with friends, munch-out, and just take a rest from the morning classes. Seniors are allowed to go off campus for lunch but a few under-classmen can sometimes be spotted enjoying lunch at area hangouts.

Waterworks

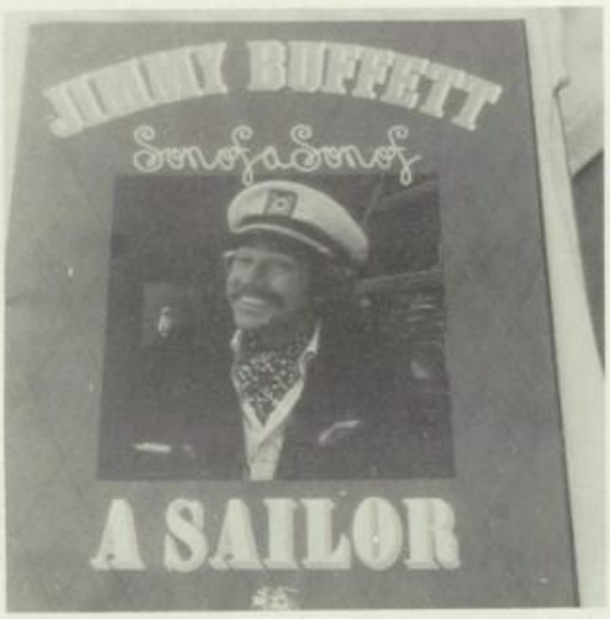
When you live in Florida, "waterworks" is a big part of everyday life. Most all Lyman students enjoy the beach, swimming, and constant waterskiing. It's a great way to relax and catch some rays! Alan Wiginton, Mike McClanahan, and Alan Sims show perfect form and style on skis.

The In-Crowd

What to wear? . . . Big blouses, straight legged jeans, spike heels, and boots. The more layers, the better. Chic dresses were in style for disco. Levi's are always "IN" because of their comfort and leisure, to top them off, bald heads are easy to care for. Lots of gold name necklaces, combs and curls were feminine for '79 and it turned out to be a glowing year.

After Hours

Night falls, the rain comes and all becomes restful but only momentarily for once again the world is alive and bright. A page is turned to a new and brighter tomorrow. But we can only see the tomorrow by living today and experiencing what is real and now.



Everyday People

This is a world of becoming
Where hope and opportunity
Lie linked in goals of now
And dreams of the future.
This is a world of unfolding,

And common aims

For those to follow.
